Application to Takeovers Panel

Jervois Mining Limited advises that it has today lodged an application with the Takeovers Panel seeking a declaration of unacceptable circumstances, due to Scandium Development International Pty Ltd and Associates having relevant interests in JRV shares in excess of the takeovers threshold. JRV seeks orders including that the Panel suspend the voting rights of SDI and its Associates at forthcoming meetings of JRV shareholders.

JRV will not comment further while the matter remains before the Panel.

By order of the Board

Roger Fairlam
Company Secretary
